

CLEARING THE PATH

Hoarding Support Services

Buried in Treasures 15-Week Workshop Series

Do You:

Collect too many things?

Have trouble getting rid of things?

Have a hard time organizing?

Our Hoarding Support Services offers assessment, support, management, education, and services to help those who struggle with hoarding.

The **Buried in Treasures Workshop** offers a scientifically based, effective program for helping those with hoarding disorder dig their way out of the clutter and chaos of their homes. Written by scientists and practitioners who are leaders in studying and treating hoarding disorder, this workshop outlines a program of skill-building, learning to think about possessions in a different way, and gradual challenges to help people manage their clutter and their lives.

**Everyone
Welcome!**
